

References Framework: What is your design like that already exists?

Name of your design:

Reference 1:

Where is this reference from? _____

Directions: Use the boxes below to show and explain your reference. If you only use one part, that's okay! Print a new sheet for each reference or use multiple sheets to fully explore your reference.

Print out and tape or draw the part of the reference that interests you in this space.

Print out and tape or draw the part of the reference that interests you in this space.

What's interesting about this part of the reference?

What's interesting about this part of the reference?

How does this contribute to your design?

How does this contribute to your design?

Need more space? Print out additional sheets as necessary. You can reference more than two parts of a single design.
